3. Any applicant shall be entitled to a tax credit against the taxes imposed under chapters 143, 147, and 148, except for sections 143.191 to 143.265, in an amount equal to fifty percent of the acquisition costs, and one hundred percent of the interest costs incurred for a period of five years after the acquisition of an eligible parcel. No tax credits shall be issued under this section until after January 1, 2008.

4. If the amount of such tax credit exceeds the total tax liability for the year in which the applicant is entitled to receive a tax credit, the amount that exceeds the state tax liability may be carried forward for credit against the taxes imposed under chapters 143, 147, and 148 for the succeeding six years, or until the full credit is used, whichever occurs first. The applicant shall not be entitled to a tax credit for taxes imposed under sections 143.191 to 143.265. Applicants entitled to receive such tax credits may transfer, sell, or assign the tax credits. Tax credits granted to a partnership, a limited liability company taxed as a partnership, or multiple owners of property shall be passed through to the partners, members, or owners respectively pro rata or pursuant to an executed agreement among the partners, members, or owners documenting an alternate distribution method.

5. A purchaser, transferee, or assignee of the tax credits authorized under this section may use acquired tax credits to offset up to one hundred percent of the tax liabilities otherwise imposed under chapters 143, 147, and 148, except for sections 143.191 to 143.265. A seller, transferor, or assignor shall perfect such transfer by notifying the department in writing within thirty calendar days following the effective date of the transfer and shall provide any information as may be required by the department to administer and carry out the provisions of this section.

6. To claim tax credits authorized under this section, an applicant shall submit to the department an application for a certificate. An applicant shall identify the boundaries of the eligible project area in the application. The department shall verify that the applicant has submitted a valid application in the form and format required by the department. The department shall verify that the municipal authority held the requisite hearings and gave the requisite notices for such hearings in accordance with the applicable economic incentive act, and municipal ordinances. On an annual

basis, an applicant may file for the tax credit for the acquisition costs, and for the tax credit for the interest costs, subject to the limitations of this section. If an applicant applying for the tax credit meets the criteria required under this section, the department shall issue a certificate in the appropriate amount. If an applicant receives a tax credit for maintenance costs as a part of the applicant's acquisition costs, the department shall post on its Internet website the amount and type of maintenance costs and a description of the redevelopment project for which the applicant received a tax credit within thirty days after the department issues the certificate to the applicant.

7. The total aggregate amount of tax credits authorized under this section shall not exceed ninety-five million dollars. At no time shall the annual amount of the tax credits issued under this section exceed twenty million dollars. If the tax credits that are to be issued under this section exceed, in any year, the twenty million dollar limitation, the department shall either:

(1) Issue tax credits to the applicant in the amount of twenty million dollars, if there is only one applicant entitled to receive tax credits in that year; or

(2) Issue the tax credits on a pro rata basis to all applicants entitled to receive tax credits in that year. Any amount of tax credits, which an applicant is, or applicants are, entitled to receive on an annual basis and are not issued due to the twenty million dollar limitation, shall be carried forward for the benefit of the applicant or applicants to subsequent years. No tax credits provided under this section shall be authorized after August 28, 2013. Any tax credits which have been authorized on or before August 28, 2013, but not issued, may be issued, subject to the limitations provided under this subsection, until all such authorized tax credits have been issued.

8. Upon issuance of any tax credits pursuant to this section, the department shall report to the municipal authority the applicant's name and address, the parcel numbers of the eligible parcels for which the tax credits were issued, the itemized acquisition costs and interest costs for which tax credits were issued, and the total value of the tax credits issued. The municipal authority and the state shall not consider the amount of the tax credits as an applicant's cost, but shall include the tax credits in any sources and uses and cost benefit analysis reviewed or created for the purpose of awarding other economic incentives. The amount of the tax credits shall not be considered an applicant's cost in the evaluation of the amount of any award of any other economic incentives, but shall be considered in measuring the reasonableness of the rate of return to the applicant with respect to such award of other economic incentives. The municipal authority shall provide the report to any relevant commission, board, or entity responsible for the evaluation and recommendation or approval of other economic incentives to assist in the redevelopment of the eligible project area. Tax credits authorized under this section shall constitute redevelopment tax credits, as such term is defined under section 135.800, and shall be subject to all provisions applicable to redevelopment tax credits provided under sections 135.800 to 135.830.

9. The department may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

This section expires 12-31-13:

135.562. 1. If any taxpayer with a federal adjusted gross income of thirty thousand dollars or less incurs costs for the purpose of making all or any portion of such taxpayer's principal dwelling accessible to an individual with a disability who permanently resides with the taxpayer, such taxpayer shall receive a tax credit against such taxpayer's Missouri income tax liability in an amount equal to the lesser of one hundred percent of such costs or two thousand five hundred dollars per taxpayer, per tax year.

2. Any taxpayer with a federal adjusted gross income greater than thirty thousand dollars but less than sixty thousand dollars who incurs costs for the purpose of making all or any portion of such taxpayer's principal dwelling accessible to an individual with a disability who permanently resides with the taxpayer shall receive a tax credit against such taxpayer's Missouri income tax liability in an amount equal to the lesser of fifty percent of such costs or two thousand five hundred dollars per taxpayer per tax year. No taxpayer shall be eligible to receive tax credits under this section in any tax year immediately following a tax year in which such taxpayer received tax credits under the provisions of this section.

3. Tax credits issued pursuant to this section may be refundable in an amount not to exceed two thousand five hundred dollars per tax year.

4. Eligible costs for which the credit may be claimed include:

- (1) Constructing entrance or exit ramps;

- (8) Modifying hardware of doors; or
- (9) Modifying bathrooms.

5. The tax credits allowed, including the maximum amount that may be claimed, pursuant to this section shall be reduced by an amount sufficient to offset any amount of such costs a taxpayer has already deducted from such taxpayer's federal adjusted gross income or to the extent such taxpayer has applied any other state or federal income tax credit to such costs.

6. A taxpayer shall claim a credit allowed by this section in the same taxable year as the credit is issued, and at the time such taxpayer files his or her Missouri income tax return; provided that such return is timely filed.

7. The department may, in consultation with the department of social services, promulgate such rules or regulations as are necessary to administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

8. The provisions of this section shall apply to all tax years beginning on or after January 1, 2008.

9. The provisions of this section shall expire December 31, 2013.

10. In no event shall the aggregate amount of all tax credits allowed pursuant to this section exceed one hundred thousand dollars in any given fiscal year. The tax credits issued pursuant to this section shall be on a first-come, first-served filing basis.

This section expired 12-31-09 (see subsection 7), but the fund continues for 60 months:

142.031. 1. As used in this section the following terms shall mean:

(1) "Biodiesel", fuel as defined in ASTM Standard D-6751 or its subsequent standard specifications for biodiesel fuel (B100) blend stock for distillate fuels;

(2) "Missouri qualified biodiesel producer", a facility that produces biodiesel, is registered with the United States Environmental Protection Agency according to the requirements of 40 CFR 79, and:

(a) a. Is at least fifty-one percent owned by agricultural producers who are residents of this state and who are actively engaged in agricultural production for commercial purposes; or

b. At least eighty percent of the feedstock used by the facility originates in the state of Missouri. For purposes of this section, "feedstock" means an agricultural, horticultural, viticultural, vegetable, aquacultural, livestock, forestry, or poultry product either in its natural or processed state; and

(b) Meets all of the following:

a. Has registered with the department of agriculture by September 1, 2007;

b. Has begun construction of the facility before November 1, 2007; and

c. Has begun production of biodiesel before March 1, 2009.

2. The "Missouri Qualified Biodiesel Producer Incentive Fund" is hereby created and subject to appropriations shall be used to provide economic subsidies to Missouri qualified biodiesel producers pursuant to this section. The director of the department of agriculture shall administer the fund pursuant to this section.

3. A Missouri qualified biodiesel producer shall be eligible for a monthly grant from the fund provided that one hundred percent of the feedstock originates in the United States. However, the director may waive the feedstock requirements on a month-to-month basis if the facility provides verification that adequate feedstock is not available. A Missouri qualified biodiesel producer shall only be eligible for the grant for a total of sixty months unless such producers during the sixty months fail, due to a lack of appropriations, to receive the full amount from the fund for which the producers were eligible, in which case such producers shall continue to be eligible for up to twenty-four additional months or until they have received the maximum amount of funding for which such producers were eligible during the original sixty-month time period. The amount of the grant is determined by calculating the estimated gallons of qualified biodiesel produced during the preceding month from feedstock, as certified by the department of agriculture, and applying such figure to the per-gallon incentive credit established in this subsection. Each Missouri qualified biodiesel producer shall be eligible for a total grant in any fiscal year equal to thirty cents per gallon for the first fifteen million gallons of qualified biodiesel produced from feedstock in the fiscal year plus ten cents per gallon for the next fifteen million gallons of qualified biodiesel produced from feedstock in the fiscal year. All such qualified biodiesel produced by a Missouri qualified biodiesel producer in excess of thirty million gallons shall not be applied to the computation of a grant pursuant to this subsection. The department of agriculture shall pay all grants for a particular month

by the fifteenth day after receipt and approval of the application described in subsection 4 of this section.

4. In order for a Missouri qualified biodiesel producer to obtain a grant from the fund, an application for such funds shall be received no later than fifteen days following the last day of the month for which the grant is sought. The application shall include:

- (1) The location of the Missouri qualified biodiesel producer;
- (2) The average number of citizens of Missouri employed by the Missouri qualified biodiesel producer in the preceding month, if applicable;
- (3) The number of bushel equivalents of Missouri feedstock and out-of-state feedstock used by the Missouri qualified biodiesel producer in the production of biodiesel in the preceding month;
- (4) The number of gallons of qualified biodiesel the producer manufactures during the month for which the grant is applied;
- (5) A copy of the qualified biodiesel producer license required pursuant to subsection 5 of this section, name and address of surety company, and amount of bond to be posted pursuant to subsection 5 of this section; and
- (6) Any other information deemed necessary by the department of agriculture to adequately ensure that such grants shall be made only to Missouri qualified biodiesel producers.

5. The director of the department of agriculture, in consultation with the department of revenue, shall promulgate rules and regulations necessary for the administration of the provisions of this section.

6. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

7. This section shall expire on December 31, 2009. However, Missouri qualified biodiesel producers receiving any grants awarded prior to December 31, 2009, shall continue to be eligible for the remainder of the original sixty-month time period under the same terms and conditions of this section unless such producer during such sixty months failed, due to a lack of appropriations, to receive the full amount from the fund for which he or she was eligible. In such case, such producers shall continue to be eligible for up to twenty-four additional months or until they have received the maximum amount of funding for which they were eligible during the original sixty-month time period.

8. Any Missouri qualified biodiesel producer who receives any grant payments under this section who subsequently sells the biodiesel facility shall be subject to the following payback requirements:

- (1) If such facility is sold within less than one year of the date of issuance of the last grant payment, the Missouri qualified biodiesel producer shall pay the state the amount of fifty percent of the total amount of grant payments received under this section;
- (2) If such facility is sold within one to two years of the date of issuance of the last grant payment, the Missouri qualified biodiesel producer shall pay the state the amount of forty percent of the total amount of grant payments received under this section;
- (3) If such facility is sold within two to three years of the date of issuance of the last grant payment, the Missouri qualified biodiesel producer shall pay the state the amount of thirty percent

of the total amount of grant payments received under this section;

(4) If such facility is sold within three to four years of the date of issuance of the last grant payment, the Missouri qualified biodiesel producer shall pay the state the amount of twenty percent of the total amount of grant payments received under this section;

(5) If such facility is sold within four to five years of the date of issuance of the last grant payment, the Missouri qualified biodiesel producer shall pay the state the amount of ten percent of the total amount of grant payments received under this section.

If the sale date of the facility falls on a date that qualifies under more than one subdivision of this subsection, the greater payback amount shall apply. For purposes of this subsection, a facility shall be considered "sold" when there is a change in at least fifty-one percent of the facility's ownership in a transaction that involves a buyer or buyers and a seller or sellers.

This section expires 12-31-13:

143.121. 1. The Missouri adjusted gross income of a resident individual shall be the taxpayer's federal adjusted gross income subject to the modifications in this section.

2. There shall be added to the taxpayer's federal adjusted gross income:

(1) The amount of any federal income tax refund received for a prior year which resulted in a Missouri income tax benefit;

(2) Interest on certain governmental obligations excluded from federal gross income by Section 103 of the Internal Revenue Code. The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (1) of subsection 3 of this section. The amount added pursuant to this subdivision shall be reduced by the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of Section 265 of the Internal Revenue Code. The reduction shall only be made if it is at least five hundred dollars;

(3) The amount of any deduction that is included in the computation of federal taxable income pursuant to Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002 to the extent the amount deducted relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent the amount deducted exceeds the amount that would have been deductible pursuant to Section 168 of the Internal Revenue Code of 1986 as in effect on January 1, 2002;

(4) The amount of any deduction that is included in the computation of federal taxable income for net operating loss allowed by Section 172 of the Internal Revenue Code of 1986, as amended, other than the deduction allowed by Section 172(b)(1)(G) and Section 172(i) of the Internal Revenue Code of 1986, as amended, for a net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries forward for a period of more than twenty years and carries backward for more than two years. Any amount of net operating loss taken against federal taxable income but disallowed for Missouri income tax purposes pursuant to this subdivision after June 18, 2002, may be carried forward and taken against any income on the Missouri income tax return for a period of not more than twenty years from the year of the initial loss; and

(5) For nonresident individuals in all taxable years ending on or after December 31, 2006, the amount of any property taxes paid to another state or a political subdivision of another state for which a deduction was allowed on such nonresident's federal return in the taxable year unless such state, political subdivision of a state, or the District of Columbia allows a subtraction from income

for property taxes paid to this state for purposes of calculating income for the income tax for such state, political subdivision of a state, or the District of Columbia.

3. There shall be subtracted from the taxpayer's federal adjusted gross income the following amounts to the extent included in federal adjusted gross income:

(1) Interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission or instrumentality of the United States to the extent exempt from Missouri income taxes pursuant to the laws of the United States. The amount subtracted pursuant to this subdivision shall be reduced by any interest on indebtedness incurred to carry the described obligations or securities and by any expenses incurred in the production of interest or dividend income described in this subdivision. The reduction in the previous sentence shall only apply to the extent that such expenses including amortizable bond premiums are deducted in determining the taxpayer's federal adjusted gross income or included in the taxpayer's Missouri itemized deduction. The reduction shall only be made if the expenses total at least five hundred dollars;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis to the taxpayer for Missouri income tax purposes than for federal income tax purposes on December 31, 1972, that does not exceed such difference in basis. If a gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to one-half of such portion of the gain;

(3) The amount necessary to prevent the taxation pursuant to this chapter of any annuity or other amount of income or gain which was properly included in income or gain and was taxed pursuant to the laws of Missouri for a taxable year prior to January 1, 1973, to the taxpayer, or to a decedent by reason of whose death the taxpayer acquired the right to receive the income or gain, or to a trust or estate from which the taxpayer received the income or gain;

(4) Accumulation distributions received by a taxpayer as a beneficiary of a trust to the extent that the same are included in federal adjusted gross income;

(5) The amount of any state income tax refund for a prior year which was included in the federal adjusted gross income;

(6) The portion of capital gain specified in section 135.357 that would otherwise be included in federal adjusted gross income;

(7) The amount that would have been deducted in the computation of federal taxable income pursuant to Section 168 of the Internal Revenue Code as in effect on January 1, 2002, to the extent that amount relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent that amount exceeds the amount actually deducted pursuant to Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002;

(8) For all tax years beginning on or after January 1, 2005, the amount of any income received for military service while the taxpayer serves in a combat zone which is included in federal adjusted gross income and not otherwise excluded therefrom. As used in this section, "combat zone" means any area which the President of the United States by Executive Order designates as an area in which armed forces of the United States are or have engaged in combat. Service is performed in a combat zone only if performed on or after the date designated by the President by Executive Order as the date of the commencing of combat activities in such zone, and on or before the date designated by the President by Executive Order as the date of the termination of combatant activities in such zone; and

(9) For all tax years ending on or after July 1, 2002, with respect to qualified property that is sold or otherwise disposed of during a taxable year by a taxpayer and for which an addition

modification was made under subdivision (3) of subsection 2 of this section, the amount by which addition modification made under subdivision (3) of subsection 2 of this section on qualified property has not been recovered through the additional subtractions provided in subdivision (7) of this subsection.

4. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the taxpayer's share of the Missouri fiduciary adjustment provided in section 143.351.

5. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the modifications provided in section 143.411.

6. In addition to the modifications to a taxpayer's federal adjusted gross income in this section, to calculate Missouri adjusted gross income there shall be subtracted from the taxpayer's federal adjusted gross income any gain recognized pursuant to Section 1033 of the Internal Revenue Code of 1986, as amended, arising from compulsory or involuntary conversion of property as a result of condemnation or the imminence thereof.

7. (1) As used in this subsection, "qualified health insurance premium" means the amount paid during the tax year by such taxpayer for any insurance policy primarily providing health care coverage for the taxpayer, the taxpayer's spouse, or the taxpayer's dependents.

(2) In addition to the subtractions in subsection 3 of this section, one hundred percent of the amount of qualified health insurance premiums shall be subtracted from the taxpayer's federal adjusted gross income to the extent the amount paid for such premiums is included in federal taxable income. The taxpayer shall provide the department of revenue with proof of the amount of qualified health insurance premiums paid.

8. (1) Beginning January 1, 2009, in addition to the subtractions provided in this section, one hundred percent of the cost incurred by a taxpayer for a home energy audit conducted by an entity certified by the department of natural resources under section 640.153 or the implementation of any energy efficiency recommendations made in such an audit shall be subtracted from the taxpayer's federal adjusted gross income to the extent the amount paid for any such activity is included in federal taxable income. The taxpayer shall provide the department of revenue with a summary of any recommendations made in a qualified home energy audit, the name and certification number of the qualified home energy auditor who conducted the audit, and proof of the amount paid for any activities under this subsection for which a deduction is claimed. The taxpayer shall also provide a copy of the summary of any recommendations made in a qualified home energy audit to the department of natural resources.

(2) At no time shall a deduction claimed under this subsection by an individual taxpayer or taxpayers filing combined returns exceed one thousand dollars per year or cumulatively exceed two thousand dollars per taxpayer or taxpayers filing combined returns.

(3) Any deduction claimed under this subsection shall be claimed for the tax year in which the qualified home energy audit was conducted or in which the implementation of the energy efficiency recommendations occurred. If implementation of the energy efficiency recommendations occurred during more than one year, the deduction may be claimed in more than one year, subject to the limitations provided under subdivision (2) of this subsection.

(4) A deduction shall not be claimed for any otherwise eligible activity under this subsection if such activity qualified for and received any rebate or other incentive through a state-sponsored energy program or through an electric corporation, gas corporation, electric cooperative, or municipally owned utility.

9. The provisions of subsection 8 of this section shall expire on December 31, 2013.

This section has a contingent expiration date 02-01-10:

143.1007. 1. The director of revenue shall establish a method that allows the contribution designations authorized by this section to be indicated on the first page of each income tax return form provided by this state. The method may allow for a separate instruction list for the tax return that lists each authorized contribution designation. If any individual or corporation which is not entitled to a tax refund in an amount sufficient to make a designation under this section wishes to make a contribution to the fund, such individual or corporation may, by separate check, draft, or other negotiable instrument, send in with the payment of taxes, or may send in separately, that amount, clearly designated for the fund, and the department of revenue shall forward such amount to the state treasurer for deposit to the designated fund as provided in this section.

This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2006, shall be invalid and void.

8. The director of the department of health and senior services shall determine no later than

444.772. 1. Any operator desiring to engage in surface mining shall make written application to the director for a permit.

2. Application for permit shall be made on a form prescribed by the commission and shall include:

- (1) The name of all persons with any interest in the land to be mined;
- (2) The source of the applicant's legal right to mine the land affected by the permit;
- (3) The permanent and temporary post office address of the applicant;
- (4) Whether the applicant or any person associated with the applicant holds or has held any other permits pursuant to sections 444.500 to 444.790, and an identification of such permits;
- (5) The written consent of the applicant and any other persons necessary to grant access to the commission or the director to the area of land affected under application from the date of application until the expiration of any permit granted under the application and thereafter for such time as is necessary to assure compliance with all provisions of sections 444.500 to 444.790 or any rule or regulation promulgated pursuant to them. Permit applications submitted by operators who mine an annual tonnage of less than ten thousand tons shall be required to include written consent from the operator to grant access to the commission or the director to the area of land affected;
- (6) A description of the tract or tracts of land and the estimated number of acres thereof to be affected by the surface mining of the applicant for the next succeeding twelve months; and
- (7) Such other information that the commission may require as such information applies to land reclamation.

3. The application for a permit shall be accompanied by a map in a scale and form specified by the commission by regulation.

4. The application shall be accompanied by a bond, security or certificate meeting the requirements of section 444.778, a geologic resources fee authorized under section 256.700, and a permit fee approved by the commission not to exceed one thousand dollars. The commission may also require a fee for each site listed on a permit not to exceed four hundred dollars for each site. If mining operations are not conducted at a site for six months or more during any year, the fee for such site for that year shall be reduced by fifty percent. The commission may also require a fee for each acre bonded by the operator pursuant to section 444.778 not to exceed twenty dollars per acre. If such fee is assessed, the per-acre fee on all acres bonded by a single operator that exceed a total of two hundred acres shall be reduced by fifty percent. In no case shall the total fee for any permit be more than three thousand dollars. Permit and renewal fees shall be established by rule, except for the initial fees as set forth in this subsection, and shall be set at levels that recover the cost of administering and enforcing sections 444.760 to 444.790, making allowances for grants and other sources of funds. The director shall submit a report to the commission and the public each year that describes the number of employees and the activities performed the previous calendar year to

administer sections 444.760 to 444.790. For any operator of a gravel mining operation where the annual tonnage of gravel mined by such operator is less than five thousand tons, the total cost of submitting an application shall be three hundred dollars. The issued permit shall be valid from the date of its issuance until the date specified in the mine plan unless sooner revoked or suspended as provided in sections 444.760 to 444.790. Beginning August 28, 2007, the fees shall be set at a permit fee of eight hundred dollars, a site fee of four hundred dollars, and an acre fee of ten dollars, with a maximum fee of three thousand dollars. Fees may be raised as allowed in this subsection after a regulation change that demonstrates the need for increased fees.

5. An operator desiring to have his or her permit amended to cover additional land may file an amended application with the commission. Upon receipt of the amended application, and such additional fee and bond as may be required pursuant to the provisions of sections 444.760 to 444.790, the director shall, if the applicant complies with all applicable regulatory requirements, issue an amendment to the original permit covering the additional land described in the amended application.

6. An operation may withdraw any land covered by a permit, excepting affected land, by notifying the commission thereof, in which case the penalty of the bond or security filed by the operator pursuant to the provisions of sections 444.760 to 444.790 shall be reduced proportionately.

7. Where mining or reclamation operations on acreage for which a permit has been issued have not been completed, the permit shall be renewed. The operator shall submit a permit renewal form furnished by the director for an additional permit year and pay a fee equal to an application fee calculated pursuant to subsection 4 of this section, but in no case shall the renewal fee for any operator be more than three thousand dollars. For any operator involved in any gravel mining operation where the annual tonnage of gravel mined by such operator is less than five thousand tons, the permit as to such acreage shall be renewed by applying on a permit renewal form furnished by the director for an additional permit year and payment of a fee of three hundred dollars. Upon receipt of the completed permit renewal form and fee from the operator, the director shall approve the renewal. With approval of the director and operator, the permit renewal may be extended for a portion of an additional year with a corresponding prorating of the renewal fee.

8. Where one operator succeeds another at any uncompleted operation, either by sale, assignment, lease or otherwise, the commission may release the first operator from all liability pursuant to sections 444.760 to 444.790 as to that particular operation if both operators have been issued a permit and have otherwise complied with the requirements of sections 444.760 to 444.790 and the successor operator assumes as part of his or her obligation pursuant to sections 444.760 to 444.790 all liability for the reclamation of the area of land affected by the former operator.

9. The application for a permit shall be accompanied by a plan of reclamation that meets the requirements of sections 444.760 to 444.790 and the rules and regulations promulgated pursuant thereto, and shall contain a verified statement by the operator setting forth the proposed method of operation, reclamation, and a conservation plan for the affected area including approximate dates and time of completion, and stating that the operation will meet the requirements of sections 444.760 to 444.790, and any rule or regulation promulgated pursuant to them.

10. At the time that a permit application is deemed complete by the director, the operator shall publish a notice of intent to operate a surface mine in any newspaper qualified pursuant to section 493.050 to publish legal notices in any county where the land is located. If the director does not respond to a permit application within forty-five calendar days, the application shall be deemed to be complete. Notice in the newspaper shall be posted once a week for four consecutive weeks beginning no more than ten days after the application is deemed complete. The operator shall also

send notice of intent to operate a surface mine by certified mail to the governing body of the counties or cities in which the proposed area is located, and to the last known addresses of all record landowners of contiguous real property or real property located adjacent to the proposed mine plan area. The notices shall include the name and address of the operator, a legal description consisting of county, section, township and range, the number of acres involved, a statement that the operator plans to mine a specified mineral during a specified time, and the address of the commission. The notices shall also contain a statement that any person with a direct, personal interest in one or more of the factors the commission may consider in issuing a permit may request a public meeting, a public hearing or file written comments to the director no later than fifteen days following the final public notice publication date.

11. The commission may approve a permit application or permit amendment whose operation or reclamation plan deviates from the requirements of sections 444.760 to 444.790 if it can be demonstrated by the operator that the conditions present at the surface mining location warrant an exception. The criteria accepted for consideration when evaluating the merits of an exception or variance to the requirements of sections 444.760 to 444.790 shall be established by regulations.

12. Fees imposed pursuant to this section shall become effective August 28, 2007, and shall expire on December 31, 2013. No other provisions of this section shall expire.

Under subsection 9 of section 476.055 (see below), this section expires 09-01-13:

660.425. 1. In addition to all other fees and taxes required or paid, a tax is hereby imposed upon in-home services providers for the privilege of providing in-home services. The tax is imposed upon payments received by an in-home services provider for the provision of in-home services.

2. For purposes of sections 660.425 to 660.465, the following terms shall mean:

(1) "Engaging in the business of providing in-home services", all payments received by an in-home services provider for the provision of in-home services;

(2) "In-home services", homemaker services, personal care services, chore services, respite services, consumer-directed services, and services, when provided in the individual's home and under a plan of care created by a physician, necessary to keep children out of hospitals. "In-home services" shall not include home health services as defined by federal and state law;

(3) "In-home services provider", any provider or vendor, as defined in section 208.900, of compensated in-home services and under a provider agreement or contracted with the department of social services or the department of health and senior services.

660.430. 1. Each in-home services provider in this state providing in-home services shall, in addition to all other fees and taxes now required or paid, pay an in-home services gross receipts tax, not to exceed six and one-half percent of gross receipts, for the privilege of engaging in the business of providing in-home services in this state.

2. Each in-home services provider's tax shall be based on a formula set forth in rules promulgated by the department of social services. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

3. The director of the department of social services or the director's designee may prescribe the form and contents of any forms or other documents required by sections 660.425 to 660.465.

4. Notwithstanding any other provision of law to the contrary, appeals regarding the promulgation of rules under this section shall be made to the circuit court of Cole County. The circuit court of Cole County shall hear the matter as the court of original jurisdiction.

660.435. 1. For purposes of assessing the tax under sections 660.425 to 660.465, the department of health and senior services shall make available to the department of social services a list of all providers and vendors under this section.

2. Each in-home services provider subject to sections 660.425 to 660.465 shall keep such

records as may be necessary to determine the total payments received for the provision of in-home services by the in-home services provider. Every in-home services provider shall submit to the department of social services a statement that accurately reflects such information as is necessary to determine such in-home services provider's tax due.

3. The director of the department of social services may prescribe the form and contents of any forms or other documents required by this section.

4. Each in-home services provider shall report the total payments received for the provision of in-home services to the department of social services.

660.440. 1. The tax imposed by sections 660.425 to 660.465 shall become effective upon authorization by the federal Centers for Medicare & Medicaid Services for a gross receipts tax for in-home services.

2. If the federal Centers for Medicare & Medicaid Services determines that their authorization is not necessary for the tax imposed under sections 660.425 to 660.465, the tax shall become effective sixty days after the date of such determination.

660.445. 1. The determination of the amount of tax due shall be the total amount of payments reported to the department multiplied by the tax rate established by rule by the department of social services.

2. The department of social services shall notify each in-home services provider of the amount of tax due. Such amount may be paid in increments over the balance of the assessment period.

3. The department of social services may adjust the tax due quarterly on a prospective basis. The department of social services may adjust the tax due more frequently for individual providers if there is a substantial and statistically significant change in the in-home services provided or in the payments received for such services provided. The department of social services may define such adjustment criteria by rule.

660.450. The director of the department of social services may offset the tax owed by an in-home services provider against any Missouri Medicaid payment due such in-home services provider, if the in-home services provider requests such an offset. The amounts to be offset shall result, so far as practicable, in withholding from the in-home services provider an amount substantially equal to the assessment due from the in-home services provider. The office of administration and the state treasurer may make any fund transfers necessary to execute the offset.

660.455. 1. The in-home services tax owed or, if an offset has been made, the balance after such offset, if any, shall be remitted by the in-home services provider to the department of social services. The remittance shall be made payable to the director of the department of social services and shall be deposited in the state treasury to the credit of the "In-home Services Gross Receipts Tax Fund" which is hereby created to provide payments for in-home services provided. All investment earnings of the fund shall be credited to the fund.

2. An offset authorized by section 660.450 or a payment to the in-home services gross receipts tax fund shall be accepted as payment of the obligation set forth in section 660.425.

3. The state treasurer shall maintain records showing the amount of money in the in-home services gross receipts tax fund at any time and the amount of investment earnings on such amount.

4. Notwithstanding the provisions of section 33.080 to the contrary, any unexpended balance

in the in-home services gross receipts tax fund at the end of the biennium shall not revert to the credit of the general revenue fund.

660.460. 1. The department of social services shall notify each in-home services provider with a tax due of more than ninety days of the amount of such balance. If any in-home services provider fails to pay its in-home services tax within thirty days of such notice, the in-home services tax shall be delinquent.

2. If any tax imposed under sections 660.425 to 660.465 is unpaid and delinquent, the department of social services may proceed to enforce the state's lien against the property of the in-home services provider and compel the payment of such assessment in the circuit court having jurisdiction in the county where the in-home services provider is located. In addition, the department of social services may cancel or refuse to issue, extend, or reinstate a Medicaid provider agreement to any in-home services provider that fails to pay the tax imposed by section 660.425.

3. Failure to pay the tax imposed under section 660.425 shall be grounds for failure to renew a provider agreement for services or failure to renew a provider contract. The department of social services may revoke the provider agreement of any in-home services provider that fails to pay such tax, or notify the department of health and senior services to revoke the provider contract.

660.465. 1. The in-home services tax required by sections 660.425 to 660.465 shall expire:

(1) Ninety days after any one or more of the following conditions are met:

(a) The aggregate in-home services fee as appropriated by the general assembly paid to in-home services providers for in-home services provided is less than the fiscal year 2010 in-home services fees reimbursement amount; or

(b) The formula used to calculate the reimbursement as appropriated by the general assembly for in-home services provided is changed resulting in lower reimbursement to in-home services providers in the aggregate than provided in fiscal year 2010; or

(2) September 1, 2012. The director of the department of social services shall notify the revisor of statutes of the expiration date as provided in this subsection.

2. Sections 660.425 to 660.465 shall expire on September 1, 2012.

The following sections expire 9-30-15 or upon reaching the contingency contained in section 208.478, whichever first occurs:

208.453. Every hospital as defined by section 197.020, except any hospital operated by the department of health and senior services, shall, in addition to all other fees and taxes now required or paid, pay a federal reimbursement allowance for the privilege of engaging in the business of providing inpatient health care in this state. For the purpose of this section, the phrase "engaging in the business of providing inpatient health care in this state" shall mean accepting payment for inpatient services rendered. The federal reimbursement allowance to be paid by a hospital which has an unsponsored care ratio that exceeds sixty-five percent or hospitals owned or operated by the board of curators, as defined in chapter 172, may be eliminated by the director of the department of social services. The unsponsored care ratio shall be calculated by the department of social services.

208.455. 1. Each hospital's federal reimbursement allowance shall be based on a formula set forth in rules and regulations promulgated by the department of social services. No rule or portion of a rule promulgated under the authority of this chapter shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.

2. Notwithstanding any other provision of law to the contrary, appeals regarding this section shall be to the circuit court of Cole County or the circuit court in the county in which the hospital is located. The circuit court shall hear the matter as the court of original jurisdiction.

208.457. Each hospital shall keep such records as may be necessary to determine the amount of its federal reimbursement allowance. On or before September 1, 1992 and the first day of January of each year thereafter every hospital as defined by section 197.020, RSMo, shall submit to the department of social services a statement that accurately reflects if the hospital is publicly or privately owned, if the hospital is operated primarily for the care and treatment of mental disorders, if the hospital is operated by the department of health and senior services, or if the hospital accepts payment for services rendered. Every hospital required to pay the federal reimbursement allowance shall also submit a statement that accurately reflects total Missouri Medicaid hospital days, total unreimbursed care as determined from the hospital's third prior year desk-reviewed cost report and all other information as may be necessary to implement sections 208.450 to 208.480. If the hospital does not have a third prior year desk-reviewed cost report, unreimbursed care shall be based on estimates determined by the department of social services as established by rule and regulation.

208.459. 1. The director of the department of social services shall make a determination as to the amount of federal reimbursement allowance due from the various hospitals.

2. The director of the department of social services shall notify each hospital of the annual amount of its federal reimbursement allowance. Such amount may be paid in increments over the balance of the assessment period.

3. The department of social services is authorized to offset the federal reimbursement allowance owed by a hospital against any Missouri Medicaid payment due that hospital, if the hospital requests such an offset. The amounts to be offset shall result, so far as practicable, in withholding from the hospital an amount substantially equivalent to the assessment to be due from the hospital. The office of administration and state treasurer are authorized to make any fund transfers necessary to execute the offset.

208.461. 1. Each federal reimbursement allowance assessment shall be final, unless the

hospital files a protest with the director of the department of social services setting forth the grounds on which the protest is based, within thirty days from the date of notice by the department of social services to the hospital.

2. If a timely protest is filed, the director of the department of social services shall reconsider the assessment and, if the hospital has so requested, the director shall grant the hospital a hearing within ninety days after the protest is filed, unless extended by agreement between the hospital and the director. The director shall issue a final decision within sixty days of completion of the hearing. After reconsideration of the assessment and a final decision by the director of the department of social services, a hospital's appeal of the director's final decision shall be to the administrative hearing commission in accordance with sections 208.156 and 621.055, RSMo.

208.463. The director of the department of social services shall prescribe by rule the form and content of any document required to be filed pursuant to the provisions of sections 208.450 to 208.480.

208.465. 1. The federal reimbursement allowance owed or, if an offset has been requested, the balance, if any, after such offset, shall be remitted by the hospital to the department of social services. The remittance shall be made payable to the director of the department of revenue. The amount remitted shall be deposited in the state treasury to the credit of the "Federal Reimbursement Allowance Fund", which is hereby created for the purpose of providing payments to hospitals. All investment earnings of the fund shall be credited to the fund.

2. An offset as authorized by section 208.459 or a payment to the federal reimbursement allowance fund shall be accepted as payment of the obligation of section 208.453.

3. The state treasurer shall maintain records that show the amount of money in the fund at any time and the amount of any investment earnings on that amount.

4. The unexpended balance in the federal reimbursement allowance fund at the end of the biennium is exempt from the provisions of section 33.080, RSMo. The unexpended balance shall not revert to the general revenue fund, but shall accumulate from year to year.

208.467. 1. A federal reimbursement allowance period shall be from the first day of October until the thirtieth day of September of the following year. The department shall notify each hospital with a balance due on September thirtieth of each year the amount of such balance due. If any hospital fails to pay its federal reimbursement allowance within thirty days of such notice, the assessment shall be delinquent.

2. If any assessment imposed under the provisions of sections 208.453 to 208.480 for a previous assessment period is unpaid and delinquent, the department of social services may proceed to enforce the state's lien against the property of the hospital and to compel the payment of such assessment in the circuit court having jurisdiction in the county where the hospital is located. In addition, the director of the department of social services or the director's designee may cancel or refuse to issue, extend or reinstate a Medicaid provider agreement to any hospital which fails to pay the allowance required by section 208.453.

3. Failure to pay an assessment imposed under sections 208.450 to 208.480 shall be grounds for denial, suspension or revocation of a license granted under chapter 197, RSMo. The director of the department of social services may request that the director of the department of health and senior services deny, suspend or revoke the license of any hospital which fails to pay its assessment.

208.469. Nothing in sections 208.450 to 208.480 shall be deemed to affect or in any way limit the tax exempt or nonprofit status of any hospital granted by state law.

208.471. 1. The department of social services shall make payments to those hospitals which have a Medicaid provider agreement with the department. Prior to June 30, 2002, the payment shall be in an annual, aggregate statewide amount which is at least the same as that paid in fiscal year 1991-1992 pursuant to rules in effect on August 30, 1991, under the federally approved state plan amendments.

2. Beginning July 1, 2002, sections 208.453 to 208.480 shall expire one hundred eighty days after the end of any state fiscal year in which the aggregate federal reimbursement allowance (FRA) assessment on hospitals is more than eighty-five percent of the sum of aggregate direct Medicaid payments, uninsured add-on payments and enhanced graduate medical education payments, unless during such one hundred eighty-day period, such payments or assessments are adjusted prospectively by the director of the department of social services to comply with the eighty-five percent test imposed by this subsection. Enhanced graduate medical education payments shall not be included in the calculation required by this subsection if the general assembly appropriates the state's share of such payments from a source other than the federal reimbursement allowance. For purposes of this section, direct Medicaid payments, uninsured add-on payments and enhanced graduate medical education payments shall:

(1) Include direct Medicaid payments, uninsured add-on payments and enhanced graduate medical education payments as defined in state regulations as of July 1, 2000;

(2) Include payments that substantially replace or supplant the payments described in subdivision (1) of this subsection;

(3) Include new payments that supplement the payments described in subdivision (1) of this subsection; and

(4) Exclude payments and assessments of acute care hospitals with an unsponsored care ratio of at least sixty-five percent that are licensed to operate less than fifty inpatient beds in which the state's share of such payments are made by certification.

3. The division of medical services may provide an alternative reimbursement for outpatient services. Other provisions of law to the contrary notwithstanding, the payment limits imposed by subdivision (2) of subsection 1 of section 208.152 shall not apply to such alternative reimbursement for outpatient services. Such alternative reimbursement may include enhanced payments or grants to hospital-sponsored clinics serving low income uninsured patients.

208.473. The requirements of sections 208.450 to 208.480 shall apply only as long as the revenues generated under section 208.453 are eligible for federal financial participation and payments are made pursuant to the provisions of section 208.471. For the purposes of this section, "federal financial participation" is the federal government's share of Missouri's expenditures under the Medicaid program.

208.475. The allowance imposed by sections 208.453 to 208.480 shall be effective upon promulgation of rules and regulations issued by the department of social services, but not later than October 1, 1992.

208.477. For each state fiscal year, if the criteria used to determine eligibility for Medicaid coverage under a Section 1115 waiver are more restrictive than those in place in state fiscal year

2003, the division of medical services shall:

2. The promotional association shall obtain a permit from the division if the promotional association submits a plan to the governing body of the city and such a plan receives approval from the city governing body. The plan submitted shall include the legal description of the district and the common area within which such festivals shall be held, the name and address and responsible person for each business participating in the promotional association, the specific calendar of events for the district which shall not exceed twenty-four such events annually and shall include the dates and times of any such events, a description of the proposed festival activities, including any proposed public street closures if applicable, proof of adequate insurance, and a detailed description of security for any proposed festivals which shall be provided at the sole expense of the promotional association. 5. Minors shall not be allowed to enter the festival district during a festival event that serves liquor.

6. The holder of the permit is solely responsible for any alcohol violations occurring within the common areas. The promotional association's then-current plan shall be deemed terminated, and the businesses participating in the promotional association's events shall not participate in activities permitted by subsection 3 of this section without prior written consent from the supervisor of alcohol and tobacco control.

(3) "Surviving spouse", a spouse, who has not remarried, of a public safety officer.

2. For all tax years beginning on or after January 1, 2008, a surviving spouse shall be allowed a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, in an amount equal to the total amount of the property taxes on the surviving spouse's homestead paid during the tax year for which the credit is claimed. A surviving spouse may claim the credit authorized under this section for each tax year beginning the year of death of the public safety officer spouse until the tax year in which the surviving spouse remarries. No credit shall be allowed for the tax year in which the surviving spouse remarries. If the amount allowable as a credit exceeds the income tax reduced by other credits, then the excess shall be considered an overpayment of the income tax.

(5) "Department", the department of revenue;

(6) "Director", the director of the department of revenue;

Any business entity providing funds to an employee to enable that employee to legally adopt a special needs child shall be eligible to receive a tax credit of up to ten thousand dollars for nonrecurring adoption expenses for each child adopted that may be applied to taxes due under such business entity's state tax liability, except that only one ten thousand dollar credit is available for each special needs child that is adopted.

3. Any person residing in this state who proceeds in good faith with the adoption of a special needs child on or after January 1, 2000, shall be eligible to receive a tax credit of up to ten thousand dollars for nonrecurring adoption expenses for each child that may be applied to taxes due under

chapter 143; provided, however, that beginning on or after July 1, 2004, two million dollars of the tax credits allowed shall be allocated for the adoption of special needs children who are residents or wards of residents of this state at the time the adoption is initiated. Any business entity providing funds to an employee to enable that employee to proceed in good faith with the adoption of a special needs child shall be eligible to receive a tax credit of up to ten thousand dollars for nonrecurring adoption expenses for each child that may be applied to taxes due under such business entity's state tax liability, except that only one ten thousand dollar credit is available for each special needs child that is adopted.

4. Individuals and business entities may claim a tax credit for their total nonrecurring adoption expenses in each year that the expenses are incurred. A claim for fifty percent of the credit shall be allowed when the child is placed in the home. A claim for the remaining fifty percent shall be allowed when the adoption is final. The total of these tax credits shall not exceed the maximum limit of ten thousand dollars per child. The cumulative amount of tax credits which may be claimed by taxpayers claiming the credit for nonrecurring adoption expenses in any one fiscal year prior to July 1, 2004, shall not exceed two million dollars. The cumulative amount of tax credits that may be claimed by taxpayers claiming the credit for nonrecurring adoption expenses shall not be more than four million dollars but may be increased by appropriation in any fiscal year beginning on or after July 1, 2004; provided, however, that by December thirty-first following each July, if less than two million dollars in credits have been issued for adoption of special needs children who are not residents or wards of residents of this state at the time the adoption is initiated, the remaining amount of the cap shall be available for the adoption of special needs children who are residents or wards of residents of this state at the time the adoption is initiated. For all fiscal years beginning on or after July 1, 2006, applications to claim the adoption tax credit for special needs children who are residents or wards of residents of this state at the time the adoption is initiated shall be filed between July first and April fifteenth of each fiscal year. 5. Notwithstanding any provision of law to the contrary, any individual or business entity may assign, transfer or sell tax credits allowed in this section. Any sale of tax credits claimed pursuant to this section shall be at a discount rate of seventy-five percent or greater of the amount sold.

6. The director of revenue shall establish a procedure by which, for each fiscal year, the cumulative amount of tax credits authorized in this section is equally apportioned among all taxpayers within the two categories specified in subsection 3 of this section claiming the credit in that fiscal year. To the maximum extent possible, the director of revenue shall establish the procedure described in this subsection in such a manner as to ensure that taxpayers within each category can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

7. For all tax years beginning on or after January 1, 2006, a tax credit may be claimed in an amount equal to up to fifty percent of a verified contribution to a qualified agency and shall be named the children in crisis tax credit. The minimum amount of any tax credit issued shall not be less than fifty dollars and shall be applied to taxes due under chapter 143, excluding sections 143.191 to 143.265. 8. The cumulative amount of the tax credits redeemed shall not exceed the unclaimed portion of the resident adoption category allocation as described in this section. The director of revenue shall determine the unclaimed portion available. The amount available shall be equally divided among the three qualified agencies: CASA, child advocacy centers, or crisis care centers to be used towards tax credits issued. In the event tax credits claimed under one agency do not total the allocated amount for that agency, the unused portion for that agency will be made available to the remaining agencies equally. In the event the total amount of tax credits claimed for any one agency exceeds the amount available for that agency, the amount redeemed shall and will be apportioned equally to all eligible taxpayers claiming the credit under that agency. After all children in crisis tax credits have been claimed, any remaining unclaimed portion of the reserved allocation for adoptions of special needs children who are residents or wards of residents of this state shall then be made available for adoption tax credit claims of special needs children who are not residents or wards of residents of this state at the time the adoption is initiated.

9. Prior to December thirty-first of each year, the entities listed under the definition of qualified agency shall apply to the department of social services in order to verify their qualified agency status. Upon a determination that the agency is eligible to be a qualified agency, the department of social services shall provide a letter of eligibility to such agency. No later than February first of each year, the department of social services shall provide a list of qualified agencies to the department of revenue. A taxpayer shall apply for the children in crisis tax credit by attaching a copy of the contribution verification provided by a qualified agency to such taxpayer's income tax return.

10. The tax credits provided under this section shall be subject to the provisions of section 135.333.

11. (1) In the event a credit denial, due to lack of available funds, causes a balance-due notice to be generated by the department of revenue, or any other redeeming agency, the taxpayer will not be held liable for any penalty or interest, provided the balance is paid, or approved payment arrangements have been made, within sixty days from the notice of denial.

(2) In the event the balance is not paid within sixty days from the notice of denial, the remaining balance shall be due and payable under the provisions of chapter 143.

12. The director shall calculate the level of appropriation necessary to issue all tax credits for nonresident special needs adoptions applied for under this section and provide such calculation to the speaker of the house of representatives, the president pro tempore of the senate, and the director of the division of budget and planning in the office of administration by January thirty-first of each year.

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2006, shall be invalid and void.

The tax credit amount shall be equal to one-half of the total donation made, but shall not exceed twenty-five thousand dollars per taxpayer claiming the credit. If the amount of the tax credit issued exceeds the amount of the taxpayer's state tax liability for the tax year for which the credit is claimed, the difference shall not be refundable but may be carried forward to any of the taxpayer's next four taxable years. No tax credit granted under this section shall be transferred, sold, or assigned. The cumulative amount of tax credits which may be issued under this section in any one fiscal year shall not exceed one million dollars.

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

 3. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the taxable year for which the credit is claimed, and such taxpayer shall not be allowed to claim a tax credit in excess of fifty thousand dollars per taxable year. However, any tax credit that cannot be claimed in the taxable year the contribution was made may be carried over to the next four succeeding taxable years until the full credit has been claimed.
 4. Except for any excess credit which is carried over pursuant to subsection 3 of this section, a taxpayer shall not be allowed to claim a tax credit unless the total amount of such taxpayer's contribution or contributions to a pregnancy resource center or centers in such taxpayer's taxable year has a value of at least one hundred dollars.
 5. The director shall determine, at least annually, which facilities in this state may be classified as pregnancy resource centers. The director may require of a facility seeking to be classified as a pregnancy resource center whatever information which is reasonably necessary to

make such a determination. The director shall classify a facility as a pregnancy resource center if such facility meets the definition set forth in subsection 1 of this section.

6. The director shall establish a procedure by which a taxpayer can determine if a facility has been classified as a pregnancy resource center. Pregnancy resource centers shall be permitted to decline a contribution from a taxpayer. The cumulative amount of tax credits which may be claimed by all the taxpayers contributing to pregnancy resource centers in any one fiscal year shall not exceed two million dollars. Tax credits shall be issued in the order contributions are received.

7. The director shall establish a procedure by which, from the beginning of the fiscal year until some point in time later in the fiscal year to be determined by the director, the cumulative amount of tax credits are equally apportioned among all facilities classified as pregnancy resource centers. If a pregnancy resource center fails to use all, or some percentage to be determined by the director, of its apportioned tax credits during this predetermined period of time, the director may reapportion these unused tax credits to those pregnancy resource centers that have used all, or some percentage to be determined by the director, of their apportioned tax credits during this predetermined period of time. The director may establish more than one period of time and reapportion more than once during each fiscal year. To the maximum extent possible, the director shall establish the procedure described in this subsection in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

8. Each pregnancy resource center shall provide information to the director concerning the identity of each taxpayer making a contribution to the pregnancy resource center who is claiming a tax credit pursuant to this section and the amount of the contribution. The director shall provide the information to the director of revenue. The director shall be subject to the confidentiality and penalty provisions of section 32.057 relating to the disclosure of tax information.

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which a program authorized under this section is sunset.

This section sunset 08-28-11:

Each taxpayer claiming a tax credit under this section shall file an affidavit with the income tax return verifying the amount of their contributions. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the tax year that the credit is claimed, and shall not exceed two thousand five hundred dollars per taxpayer claiming the credit. Any amount of credit that the taxpayer is prohibited by this section from claiming in a tax year shall not be refundable, but may be carried forward to any of the taxpayer's three subsequent taxable years. No tax credit granted under this section shall be transferred, sold, or assigned. No taxpayer shall be eligible to receive a credit pursuant to this section if such taxpayer employs persons who are not authorized to work in the United States under federal law.

3. The cumulative amount of tax credits under this section which may be allocated to all taxpayers contributing to a local food pantry in any one fiscal year shall not exceed two million dollars. The director of revenue shall establish a procedure by which the cumulative amount of tax credits is apportioned among all taxpayers claiming the credit by April fifteenth of the fiscal year in which the tax credit is claimed. To the maximum extent possible, the director of revenue shall establish the procedure described in this subsection in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

4. Any local food pantry may accept or reject any donation of food made under this section for any reason. For purposes of this section, any donations of food accepted by a local food pantry shall be valued at fair market value, or at wholesale value if the taxpayer making the donation of food is a retail grocery store, food broker, wholesaler, or restaurant.

5. The department of revenue shall promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

6. Under section 23.253, RSMo, of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset four years after August 28, 2007, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.

This section sunsets 09-04-13:

135.680. 1. As used in this section, the following terms shall mean:

(1) "Adjusted purchase price", the product of:

(a) The amount paid to the issuer of a qualified equity investment for such qualified equity investment; and

(b) The following fraction:

a. The numerator shall be the dollar amount of qualified low-income community investments held by the issuer in this state as of the credit allowance date during the applicable tax year; and

b. The denominator shall be the total dollar amount of qualified low-income community investments held by the issuer in all states as of the credit allowance date during the applicable tax year;

For purposes of calculating the amount of qualified low-income community investments held by an issuer, an investment shall be considered held by an issuer even if the investment has been sold or repaid; provided that the issuer reinvests an amount equal to the capital returned to or recovered by the issuer from the original investment, exclusive of any profits realized, in another qualified low-income community investment within twelve months of the receipt of such capital. An issuer shall not be required to reinvest capital returned from qualified low-income community investments after the sixth anniversary of the issuance of the qualified equity investment, the proceeds of which were used to make the qualified low-income community investment, and the qualified low-income community investment shall be considered held by the issuer through the seventh anniversary of the qualified equity investment's issuance;

(2) "Applicable percentage", zero percent for each of the first two credit allowance dates, seven percent for the third credit allowance date, and eight percent for the next four credit allowance dates;

(3) "Credit allowance date", with respect to any qualified equity investment:

(b) Each of the six anniversary dates of such date thereafter;

(4) "Long-term debt security", any debt instrument issued by a qualified community development entity, at par value or a premium, with an original maturity date of at least seven years from the date of its issuance, with no acceleration of repayment, amortization, or prepayment features prior to its original maturity date, and with no distribution, payment, or interest features related to the profitability of the qualified community development entity or the performance of the qualified community development entity's investment portfolio. The foregoing shall in no way limit the holder's ability to accelerate payments on the debt instrument in situations where the issuer has defaulted on covenants designed to ensure compliance with this section or Section 45D of the Internal Revenue Code of 1986, as amended;

(5) "Qualified active low-income community business", the meaning given such term in Section 45D of the Internal Revenue Code of 1986, as amended; provided that any business that derives or projects to derive fifteen percent or more of its annual revenue from the rental or sale of real estate shall not be considered to be a qualified active low-income community business;

(6) "Qualified community development entity", the meaning given such term in Section 45D of the Internal Revenue Code of 1986, as amended; provided that such entity has entered into an allocation agreement with the Community Development Financial Institutions Fund of the U.S. Treasury Department with respect to credits authorized by Section 45D of the Internal Revenue Code of 1986, as amended, which includes the state of Missouri within the service area set forth in such allocation agreement;

(7) "Qualified equity investment", any equity investment in, or long-term debt security issued by, a qualified community development entity that:

(a) Is acquired after September 4, 2007, at its original issuance solely in exchange for cash;

(b) Has at least eighty-five percent of its cash purchase price used by the issuer to make qualified low-income community investments; and

(c) Is designated by the issuer as a qualified equity investment under this subdivision and is certified by the department of economic development as not exceeding the limitation contained in subsection 2 of this section. This term shall include any qualified equity investment that does not meet the provisions of paragraph (a) of this subdivision if such investment was a qualified equity investment in the hands of a prior holder;

(8) "Qualified low-income community investment", any capital or equity investment in, or loan to, any qualified active low-income community business. With respect to any one qualified active low-income community business, the maximum amount of qualified low-income community investments made in such business, on a collective basis with all of its affiliates, that may be used from the calculation of any numerator described in subparagraph a. of paragraph (b) of subdivision (1) of this subsection shall be ten million dollars whether issued to one or several qualified community development entities;

(9) "Tax credit", a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed in sections 143.191 to 143.265, or otherwise due under section 375.916 or chapter 147, 148, or 153;

(10) "Taxpayer", any individual or entity subject to the tax imposed in chapter 143, excluding withholding tax imposed in sections 143.191 to 143.265, or the tax imposed in section 375.916 or chapter 147, 148, or 153.

2. A taxpayer that makes a qualified equity investment earns a vested right to tax credits under this section. On each credit allowance date of such qualified equity investment the taxpayer, or subsequent holder of the qualified equity investment, shall be entitled to a tax credit during the taxable year including such credit allowance date. The tax credit amount shall be equal to the applicable percentage of the adjusted purchase price paid to the issuer of such qualified equity investment. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the tax year for which the tax credit is claimed. No tax credit claimed under this section shall be refundable or transferable. Tax credits earned by a partnership, limited liability company, S-corporation, or other pass-through entity may be allocated to the partners, members, or shareholders of such entity for their direct use in accordance with the provisions of any agreement among such partners, members, or shareholders. Any amount of tax credit that the taxpayer is prohibited by this section from claiming in a taxable year may be carried forward to any of the taxpayer's five subsequent taxable years. The department of economic development shall limit the monetary amount of qualified equity investments permitted under this section to a level necessary to limit tax credit utilization at no more than twenty-five million dollars of tax credits in any fiscal year. Such limitation on qualified equity investments shall be based on the anticipated utilization of credits without regard to the potential for taxpayers to carry forward tax credits to later tax years.

3. The issuer of the qualified equity investment shall certify to the department of economic development the anticipated dollar amount of such investments to be made in this state during the first twelve-month period following the initial credit allowance date. If on the second credit allowance date, the actual dollar amount of such investments is different than the amount estimated, the department of economic development shall adjust the credits arising on the second allowance date to account for such difference.

4. The department of economic development shall recapture the tax credit allowed under this section with respect to such qualified equity investment under this section if:

(1) Any amount of the federal tax credit available with respect to a qualified equity investment that is eligible for a tax credit under this section is recaptured under Section 45D of the Internal Revenue Code of 1986, as amended; or

(2) The issuer redeems or makes principal repayment with respect to a qualified equity investment prior to the seventh anniversary of the issuance of such qualified equity investment. Any tax credit that is subject to recapture shall be recaptured from the taxpayer that claimed the tax credit on a return.

5. The department of economic development shall promulgate rules to implement the provisions of this section, including recapture provisions on a scaled proportional basis, and to administer the allocation of tax credits issued for qualified equity investments, which shall be conducted on a first-come, first-serve basis. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after September 4, 2007, shall be invalid and void.

6. For fiscal years following fiscal year 2010, qualified equity investments shall not be made under this section unless reauthorization is made pursuant to this subsection. For all fiscal years following fiscal year 2010, unless the general assembly adopts a concurrent resolution granting authority to the department of economic development to approve qualified equity investments for the Missouri new markets development program and clearly describing the amount of tax credits available for the next fiscal year, or otherwise complies with the provisions of this subsection, no qualified equity investments may be permitted to be made under this section. The amount of available tax credits contained in such a resolution shall not exceed the limitation provided under subsection 2 of this section. In any year in which the provisions of this section shall sunset pursuant to subsection 7 of this section, reauthorization shall be made by general law and not by concurrent resolution. Nothing in this subsection shall preclude a taxpayer who makes a qualified equity investment prior to the expiration of authority to make qualified equity investments from claiming tax credits relating to such qualified equity investment for each applicable credit allowance date.

7. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset six years after September 4, 2007, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset. However, nothing in this subsection shall preclude a taxpayer who makes a qualified equity investment prior to sunset of this section under the provisions of section 23.253 from claiming tax credits relating to such qualified equity investment for each credit allowance date.

This section sunsets 08-28-14:

(a) Fabrication of premanufactured equipment or process piping used in the construction of such facility;

(b) Construction of such facility; and

(c) General maintenance of such facility during the time period in which such facility receives any tax credit under this section. 2. For all tax years beginning on or after January 1, 2009, but before January 1, 2012, any eligible applicant who installs and operates a qualified alternative fuel vehicle refueling property shall be allowed a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or due under chapter 147 or chapter 148 for any tax year in which the applicant is constructing the refueling property. - (1) In taxable year 2009, three million dollars;
- (2) In taxable year 2010, two million dollars; and
- (3) In taxable year 2011, one million dollars.

4. If the amount of the tax credit exceeds the eligible applicant's tax liability, the difference shall not be refundable. Any amount of credit that an eligible applicant is prohibited by this section from claiming in a taxable year may be carried forward to any of such applicant's two subsequent taxable years. Tax credits allowed under this section may be assigned, transferred, sold, or otherwise conveyed.

5. An alternative fuel vehicle refueling property, for which an eligible applicant receives tax credits under this section, which ceases to sell alternative fuel shall cause the forfeiture of such eligible applicant's tax credits provided under this section for the taxable year in which the alternative fuel vehicle refueling property ceased to sell alternative fuel and for future taxable years with no recapture of tax credits obtained by an eligible applicant with respect to such applicant's tax years which ended before the sale of alternative fuel ceased.

6. The director of revenue shall establish the procedure by which the tax credits in this section may be claimed, and shall establish a procedure by which the cumulative amount of tax credits is apportioned equally among all eligible applicants claiming the credit. To the maximum extent possible, the director of revenue shall establish the procedure described in this subsection in such a manner as to ensure that eligible applicants can claim all the tax credits possible up to the cumulative amount of tax credits available for the taxable year. No eligible applicant claiming a tax credit under this section shall be liable for any interest or penalty for filing a tax return after the date fixed for filing such return as a result of the apportionment procedure under this subsection.

7. Any eligible applicant desiring to claim a tax credit under this section shall submit the appropriate application for such credit with the department. The application for a tax credit under this section shall include any information required by the department. The department shall review the applications and certify to the department of revenue each eligible applicant that qualifies for the tax credit.

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

If any individual with an ownership interest in the property fails to satisfy the eligibility requirements of an individual eligible owner or if the combined income of all individuals with interest in the property exceeds the maximum upper limit, then all individuals with an ownership interest in such property shall be deemed ineligible owners regardless of such other individual's ability to individually meet the eligibility requirements; or

(6) "Homestead exemption limit", a percentage increase, rounded to the nearest hundredth of a percent, which shall be equal to the percentage increase to tax liability, not including improvements, of a homestead from one tax year to the next that exceeds a certain percentage set pursuant to subsection 10 of this section. For applications filed in 2005 or 2006, the homestead exemption limit shall be based on the increase to tax liability from 2004 to 2005. For applications filed between April 1, 2005, and September 30, 2006, an eligible owner, who otherwise satisfied the requirements of this section, shall not apply for the homestead exemption credit more than once during such period. For applications filed after 2006, the homestead exemption limit shall be based on the increase to tax liability from two years prior to application to the year immediately prior to application. For applications filed between December 31, 2008, and December 31, 2011, the homestead exemption limit shall be based on the increase in tax liability from the base year to the year prior to the application year. Pursuant to article X, section 6(a) of the Constitution of Missouri, if in the prior tax year, the property tax liability on any parcel of subclass (1) real property increased by more than the homestead exemption limit, without regard for any prior credit received due to the provisions of this section, then any eligible owner of the property shall receive a homestead exemption credit to be applied in the current tax year property tax liability to offset the prior year increase to tax liability that exceeds the homestead exemption limit, except as eligibility for the credit is limited by the provisions of this section. The amount of the credit shall be listed separately on each taxpayer's tax bill for the current tax year, or on a document enclosed with the taxpayer's bill. The homestead exemption credit shall not affect the process of setting the tax rate as required pursuant to article X, section 22 of the Constitution of Missouri and section 137.073 in any prior, current, or subsequent tax year.

4. If application is made in 2005, any potential eligible owner may apply for the homestead exemption credit by completing an application through their local assessor's office. Applications may be completed between April first and September thirtieth of any tax year in order for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the homestead exemption credit application was completed. The application shall be on forms provided to the assessor's office by the department. Forms also shall be made available on the department's Internet site and at all permanent branch offices and all full-time, temporary, or fee

offices maintained by the department of revenue.

The applicant shall attest under penalty of perjury:

- (2) That the applicant's prior year income was less than the maximum upper limit;
- (3) To the address of the homestead property; and
- (4) That any improvements made to the homestead, not made to accommodate a disabled

person, did not total more than five percent of the prior year appraised value. The applicant shall also include with the application copies of receipts indicating payment of property tax by the applicant for the homestead property for the two prior tax years.

5. If application is made in 2005, the assessor, upon request for an application, shall:

- (1) Certify the parcel number and owner of record as of January first of the homestead, including verification of the acreage classified as residential on the assessor's property record card;
- (2) Obtain appropriate prior tax year levy codes for each homestead from the county clerks for inclusion on the form;
- (3) Record on the application the assessed valuation of the homestead for the current tax year, and any new construction or improvements for the current tax year; and
- (4) Sign the application, certifying the accuracy of the assessor's entries.

6. If application is made after 2005, any potential eligible owner may apply for the homestead exemption credit by completing an application. Applications may be completed between April first and October fifteenth of any tax year in order for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the homestead exemption credit application was completed. The application shall be on forms provided by the department. Forms also shall be made available on the department's Internet site and at all permanent branch offices and all full-time, temporary, or fee offices maintained by the department of revenue. The applicant shall attest under penalty of perjury:

- (1) To the applicant's age;
- (2) That the applicant's prior year income was less than the maximum upper limit;
- (3) To the address of the homestead property;
- (4) That any improvements made to the homestead, not made to accommodate a disabled

person, did not total more than five percent of the prior year appraised value; and

- (5) The applicant shall also include with the application copies of receipts indicating payment of property tax by the applicant for the homestead property for the three prior tax years.

7. Each applicant shall send the application to the department by October fifteenth of each year for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the application was completed.

8. If application is made in 2005, upon receipt of the applications, the department shall calculate the tax liability, adjusted to exclude new construction or improvements verify compliance with the maximum income limit, verify the age of the applicants, and make adjustments to these numbers as necessary on the applications. The department also shall disallow any application where the applicant has also filed a valid application for the senior citizens property tax credit, pursuant to sections 135.010 to 135.035. Once adjusted tax liability, age, and income are verified, the director shall determine eligibility for the credit, and provide a list of all verified eligible owners to the county collectors or county clerks in counties with a township form of government by December fifteenth of each year. By January fifteenth, the county collectors or county clerks in counties with a township form of government shall provide a list to the department of any verified eligible owners who failed to pay the property tax due for the tax year that ended immediately prior. Such eligible

owners shall be disqualified from receiving the credit in the current tax year.

9. If application is made after 2005, upon receipt of the applications, the department shall calculate the tax liability, verify compliance with the maximum income limit, verify the age of the applicants, and make adjustments to these numbers as necessary on the applications. The department also shall disallow any application where the applicant also has filed a valid application for the senior citizens property tax credit under sections 135.010 to 135.035. Once adjusted tax liability, age, and income are verified, the director shall determine eligibility for the credit and provide a list of all verified eligible owners to the county assessors or county clerks in counties with a township form of government by December fifteenth of each year. By January fifteenth, the county assessors shall provide a list to the department of any verified eligible owners who made improvements not for accommodation of a disability to the homestead and the dollar amount of the assessed value of such improvements. If the dollar amount of the assessed value of such improvements totaled more than five percent of the prior year appraised value, such eligible owners shall be disqualified from receiving the credit in the current tax year.

10. The director shall calculate the level of appropriation necessary to set the homestead exemption limit at five percent when based on a year of general reassessment or at two and one-half percent when based on a year without general reassessment for the homesteads of all verified eligible owners, and provide such calculation to the speaker of the house of representatives, the president pro tempore of the senate, and the director of the office of budget and planning in the office of administration by January thirty-first of each year.

11. For applications made in 2005, the general assembly shall make an appropriation for the funding of the homestead exemption credit that is signed by the governor, then the director shall, by July thirty-first of such year, set the homestead exemption limit. The limit shall be a single, statewide percentage increase to tax liability, rounded to the nearest hundredth of a percent, which, if applied to all homesteads of verified eligible owners who applied for the homestead exemption credit in the immediately prior tax year, would cause all but one-quarter of one percent of the amount of the appropriation, minus any withholding by the governor, to be distributed during that fiscal year. The remaining one-quarter of one percent shall be distributed to the county assessment funds of each county on a proportional basis, based on the number of eligible owners in each county; such one-quarter percent distribution shall be delineated in any such appropriation as a separate line item in the total appropriation. If no appropriation is made by the general assembly during any tax year or no funds are actually distributed pursuant to any appropriation therefor, then no homestead preservation credit shall apply in such year.

12. After setting the homestead exemption limit for applications made in 2005, the director shall apply the limit to the homestead of each verified eligible owner and calculate the credit to be associated with each verified eligible owner's homestead, if any. The director shall send a list of those eligible owners who are to receive the homestead exemption credit, including the amount of each credit, the certified parcel number of the homestead, and the address of the homestead property, to the county collectors or county clerks in counties with a township form of government by August thirty-first.

Pursuant to such calculation, the director shall instruct the state treasurer as to how to distribute the appropriation and assessment fund allocation to the county collector's funds of each county or the treasurer ex officio collector's fund in counties with a township form of government where recipients of the homestead exemption credit are located, so as to exactly offset each homestead exemption credit being issued, plus the one-quarter of one percent distribution for the county assessment funds. As a result of the appropriation, in no case shall a political subdivision receive more money than it

would have received absent the provisions of this section plus the one- quarter of one percent distribution for the county assessment funds. Funds, at the direction of the county collector or the treasurer ex officio collector in counties with a township form of government, shall be deposited in the county collector's fund of a county or the treasurer ex officio collector's fund or may be sent by mail to the collector of a county, or the treasurer ex officio collector in counties with a township form of government, not later than October first in any year a homestead exemption credit is appropriated as a result of this section and shall be distributed as moneys in such funds are commonly distributed from other property tax revenues by the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government, so as to exactly offset each homestead exemption credit being issued. In counties with a township form of government, the county clerk shall provide the treasurer ex officio collector a summary of the homestead exemption credit for each township for the purpose of distributing the total homestead exemption credit to each township collector in a particular county.

13. If, in any given year after 2005, the general assembly shall make an appropriation for the funding of the homestead exemption credit that is signed by the governor, then the director shall determine the apportionment percentage by equally apportioning the appropriation among all eligible applicants on a percentage basis. If no appropriation is made by the general assembly during any tax year or no funds are actually distributed pursuant to any appropriation therefor, then no homestead preservation credit shall apply in such year.

14. After determining the apportionment percentage, the director shall calculate the credit to be associated with each verified eligible owner's homestead, if any. The director shall send a list of those eligible owners who are to receive the homestead exemption credit, including the amount of each credit, the certified parcel number of the homestead, and the address of the homestead property, to the county collectors or county clerks in counties with a township form of government by August thirty-first. Pursuant to such calculation, the director shall instruct the state treasurer as to how to distribute the appropriation to the county collector's fund of each county where recipients of the homestead exemption credit are located, so as to exactly offset each homestead exemption credit being issued. As a result of the appropriation, in no case shall a political subdivision receive more money than it would have received absent the provisions of this section. Funds, at the direction of the collector of the county or treasurer ex officio collector in counties with a township form of government, shall be deposited in the county collector's fund of a county or may be sent by mail to the collector of a county, or treasurer ex officio collector in counties with a township form of government, not later than October first in any year a homestead exemption credit is appropriated as a result of this section and shall be distributed as moneys in such funds are commonly distributed from other property tax revenues by the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government, so as to exactly offset each homestead exemption credit being issued.

15. The department shall promulgate rules for implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void. Any rule promulgated by the department shall in no way impact, affect, interrupt, or interfere with the performance of the required statutory duties of any

county elected official, more particularly including the county collector when performing such duties as deemed necessary for the distribution of any homestead appropriation and the distribution of all other real and personal property taxes.

16. In the event that an eligible owner dies or transfers ownership of the property after the homestead exemption limit has been set in any given year, but prior to January first of the year in which the credit would otherwise be applied, the credit shall be void and any corresponding moneys, pursuant to subsection 12 of this section, shall lapse to the state to be credited to the general revenue fund. In the event the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government determines prior to issuing the credit that the individual is not an eligible owner because the individual did not pay the prior three years' property tax liability in full, the credit shall be void and any corresponding moneys, under subsection 11 of this section, shall lapse to the state to be credited to the general revenue fund.

17. This section shall apply to all tax years beginning on or after January 1, 2005. This subsection shall become effective June 28, 2004.

18. In accordance with the provisions of sections 23.250 to 23.298 and unless otherwise authorized pursuant to section 23.253:

(1) Any new program authorized under the provisions of this section shall automatically sunset six years after the effective date of this section; and

It shall determine total property taxes levied from reports prescribed by the commission from the railroad and street railway companies. Total taxes levied shall not include revenues from the surtax on subclass three real property.

2. The commission shall report its determination of average property tax rate for the preceding year, together with the taxable distributable assessed valuation of each freight line company for the current year to the director no later than October first of each year.

The director shall tax such property based upon the distributable assessed valuation attributable to Missouri of each freight line company, using the average tax rate for the preceding year of the railroad and street railway companies certified by the commission. Such tax shall be due and payable on or before December thirty-first of the year levied and, if it becomes delinquent, shall be subject to a penalty equal to that specified in section 140.100.

4. (1) As used in this subsection, the following terms mean:

(a) "Eligible expenses", expenses incurred in this state to manufacture, maintain, or improve a freight line company's qualified rolling stock;

(b) "Qualified rolling stock", any freight, stock, refrigerator, or other railcars subject to the tax levied under this section.

(2) For all taxable years beginning on or after January 1, 2009, a freight line company shall, subject to appropriation, be allowed a credit against the tax levied under this section for the

applicable tax year. The tax credit amount shall be equal to the amount of eligible expenses incurred during the calendar year immediately preceding the tax year for which the credit under this section is claimed. The amount of the tax credit issued shall not exceed the freight line company's liability for the tax levied under this section for the tax year for which the credit is claimed.

(3) A freight line company may apply for the credit by submitting to the commission an application in the form prescribed by the state tax commission.

(4) Subject to appropriation, the state shall reimburse, on an annual basis, any political subdivision of this state for any decrease in revenue due to the provisions of this subsection.

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.

(2) Twenty thousand dollars for each new job created with an annual salary of at least the county average wage if the small business offers health insurance and pays at least fifty percent of such insurance premiums.

3. The department of revenue shall establish the procedure by which the deduction provided in this section may be claimed, and may promulgate rules to implement the provisions of this section.

Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.

(15) "Withholding period", the seven- or ten-year period in which a qualified manufacturing company may receive benefits under this section;

3. The department shall respond within thirty days to a qualified manufacturing company or a qualified supplier who provides a notice of intent with either an approval or a rejection of the notice of intent. Failure to respond on behalf of the department shall result in the notice of intent being deemed an approval for the purposes of this section.

4. A qualified manufacturing company that manufactures a new product may, upon the department's approval of a notice of intent and the execution of an agreement that meets the requirements of subsection 9 of this section, but no earlier than January 1, 2012, retain one hundred percent of the withholding tax from full-time jobs at the facility for a period of ten years. A qualified manufacturing company that modifies or expands the manufacture of an existing product may, upon the department's approval of a notice of intent and the execution of an agreement that meets the requirements of subsection 9 of this section, but no earlier than January 1, 2012, retain fifty percent of the withholding tax from full-time jobs at the facility for a period of seven years. Except as otherwise allowed under subsection 7 of this section, the commencement of the withholding period may be delayed by no more than twenty-four months after execution of the agreement at the option of the qualified manufacturing company. Such qualified manufacturing company shall be eligible for participation in the Missouri quality jobs program in sections 620.1875 to 620.1890 for any new jobs for which it does not retain withholding tax under this section, provided all qualifications for such program are met.

5. A qualified supplier may, upon approval of a notice of intent by the department, retain all withholding tax from new jobs for a period of three years from the date of approval of the notice of intent or for a period of five years if the supplier pays wages for the new jobs equal to or greater than one hundred twenty percent of county average wage. Notwithstanding any other provision of law to the contrary, a qualified supplier that is awarded benefits under this section shall not receive any tax credit or exemption or be entitled to retain withholding under sections 100.700 to 100.850, sections 135.100 to 135.150, sections 135.200 to 135.286, section 135.535, sections 135.900 to 135.906, sections 135.950 to 135.970, or section 620.1881 for the same jobs.

6. Notwithstanding any other provision of law to the contrary, the maximum amount of withholding tax that may be retained by any one qualified manufacturing company under this section shall not exceed ten million dollars per calendar year. The aggregate amount of withholding tax that may be retained by all qualified manufacturing companies under this section shall not exceed fifteen million dollars per calendar year.

7. Notwithstanding any other provision of law to the contrary, any qualified manufacturing company that is awarded benefits under this section shall not simultaneously receive tax credits or

The benefits available to the qualified manufacturing company under any other state programs for which the qualified manufacturing company is eligible and which utilize withholding tax from the jobs at the facility shall first be credited to the other state program before the applicable withholding period for benefits provided under this section shall begin. These other state programs include, but are not limited to, the new jobs training program under sections 178.892 to 178.896, the job retention program under sections 178.760 to 178.764, the real property tax increment allocation redevelopment act under sections 99.800 to 99.865, or the Missouri downtown and rural economic stimulus act under sections 99.915 to 99.980. If any qualified manufacturing company also participates in the new jobs training program in sections 178.892 to 178.896, such qualified manufacturing company shall not retain any withholding tax that has already been allocated for use in the new jobs training program. Any qualified manufacturing company or qualified supplier that is awarded benefits under this program and knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any withholding taxes already retained. Subsection 5 of section 285.530 shall not apply to qualified manufacturing companies or qualified suppliers which are awarded benefits under this program.

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this section shall be invalid and void.

9. Within six months of completion of a notice of intent required under this section, the qualified manufacturing company shall enter into an agreement with the department that memorializes the content of the notice of intent, the requirements of this section, and the consequences for failing to meet such requirements, which shall include the following:

(1) If the amount of capital investment made by the qualified manufacturing company is not made within the two-year period provided for such investment, the qualified manufacturing company shall immediately cease retaining any withholding tax with respect to jobs at the facility and it shall forfeit all rights to retain withholding tax for the remainder of the withholding period. In addition, the qualified manufacturing company shall repay any amounts of withholding tax retained plus interest of five percent per annum. However, in the event that such capital investment shortfall is due to economic conditions beyond the control of the qualified manufacturing company, the director may, at the qualified manufacturing company's request, suspend rather than terminate its privilege to retain withholding tax under this section for up to three years. Any such suspension shall extend the withholding period by the same amount of time. No more than one such suspension shall be granted to a qualified manufacturing company;

(2) If the qualified manufacturing company discontinues the manufacturing of the new product and does not replace it with a subsequent or additional new product manufactured at the facility at any time during the withholding period, the qualified manufacturing company shall immediately cease retaining any withholding tax with respect to jobs at that facility and it shall forfeit all rights to retain withholding tax for the remainder of the withholding period.

- (2) "Department", the department of revenue;
- (3) "Designated agent", the party with which the department contracts to implement the motorist insurance identification database;
- (4) "Program", the motorist insurance identification database program.

303.406. 1. The "Motorist Insurance Identification Database" is hereby created for the purpose of establishing a database to use to verify compliance with the motor vehicle financial

responsibility requirements of this chapter. The program shall be administered by the department and shall receive funding from the "Motorist Insurance Identification Database Fund", which is hereby created in the state treasury. Effective July 1, 2002, the state treasurer shall credit to and deposit in the motorist insurance identification database fund six percent of the net general revenue portion received from collections of the insurance premiums tax levied and collected pursuant to sections 148.310 to 148.461, RSMo.

2. To implement the program, the department may by July 1, 2002, contract with a designated agent which shall monitor compliance with the motor vehicle financial responsibility requirements of this chapter, except that the program shall not be implemented to notify owners of registered motor vehicles until the department certifies that the accuracy rate of the program exceeds ninety-five percent in correctly identifying owners of registered motor vehicles as having maintained or failed to maintain financial responsibility. After the department has entered into a contract with a designated agent, the department shall convene a working group for the purpose of facilitating the implementation of the program.

3. The designated agent, using its own computer network, shall, no later than December 31, 2002, develop, deliver and maintain a computer database with information provided by:

(1) Insurers, pursuant to sections 303.400 to 303.415; except that, any person who qualifies as self-insured pursuant to this chapter, or provides proof of insurance to the director pursuant to the provisions of section 303.160, shall not be required to provide information to the designated agent, but the state shall supply these records to the designated agent for inclusion in the database; and

(2) The department, which shall provide the designated agent with the name, date of birth and address of all persons in its computer database, and the make, year and vehicle identification number of all registered motor vehicles.

4. The department shall establish guidelines for the designated agent's development of the computer database so the database can be easily accessed by state and local law enforcement agencies within procedures already established, and shall not require additional computer keystrokes or other additional procedures by dispatch or law enforcement personnel. Once the database is operational, the designated agent shall, at least monthly, update the database with information provided by insurers and the department, and compare then-current motor vehicle registrations against the database.

5. Information provided to the designated agent by insurers and the department for inclusion in the database established pursuant to this section is the property of the insurer or the department, as the case may be, and is not subject to disclosure pursuant to chapter 610, RSMo. Such information may not be disclosed except as follows:

(1) The designated agent shall verify a person's insurance coverage upon request by any state or local government agency investigating, litigating or enforcing such person's compliance with the motor vehicle financial responsibility requirements of this chapter;

(2) The department shall disclose whether an individual is maintaining the required insurance coverage upon request of the following individuals and agencies only:

- (a) The individual;
- (b) The parent or legal guardian of an individual if the individual is an unemancipated minor;
- (c) The legal guardian of the individual if the individual is legally incapacitated;
- (d) Any person who has power of attorney from the individual;
- (e) Any person who submits a notarized release from the individual that is dated no more

than ninety days before the request is made;

(f) Any person claiming loss or injury in a motor vehicle accident in which the individual is involved;

(g) The office of the state auditor, for the purpose of conducting any audit authorized by law.

6. Any person or agency who knowingly discloses information from the database for any purpose, or to a person, other than those authorized in this section is guilty of a class A misdemeanor. The state shall not be liable to any person for gathering, managing or using information in the database pursuant to this section. The designated agent shall not be liable to any person for performing its duties pursuant to this section unless and to the extent such agent commits a willful and wanton act or omission or is negligent. The designated agent shall be liable to any insurer damaged by the designated agent's negligent failure to protect the confidentiality of the information and data disclosed by the insurer to the designated agent. The designated agent shall provide to this state an errors and omissions insurance policy covering such agent in an appropriate amount. No insurer shall be liable to any person for performing its duties pursuant to this section unless and to the extent the insurer commits a willful and wanton act of omission.

7. The department shall review the operation and performance of the motorist insurance identification database program to determine whether the number of uninsured motorists has declined during the first three years following implementation and shall submit a report of its findings to the general assembly no later than January fifteenth of the year following the third complete year of implementation. The department shall make copies of its report available to each member of the general assembly.

8. This section shall not supersede other actions or penalties that may be taken or imposed for violation of the motor vehicle financial responsibility requirements of this chapter.

9. The working group as provided for in subsection 2 of this section shall consist of representatives from the insurance industry, department of insurance, department of public safety and the department of revenue. The director of revenue, after consultation with the working group, shall promulgate any rules and regulations necessary to administer and enforce this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo.

303.409. 1. If the motorist insurance identification database indicates the owner of a registered motor vehicle has, regardless of the owner's operation of such motor vehicle, failed to maintain the financial responsibility required in section 303.025 for two consecutive months, the designated agent shall on behalf of the director inform the owner that the director will suspend the owner's vehicle registration if the owner does not present proof of insurance as prescribed by the director within thirty days from the date of mailing. The designated agent shall not select owners of fleet or rental vehicles or vehicles that are insured pursuant to a commercial line policy for notification to determine motor vehicle liability coverage. The director may prescribe rules and regulations necessary for the implementation of this subsection. The notice issued to the vehicle owner by the designated agent shall be sent to the last known address shown on the department's records. The notice is deemed received three days after mailing. The notice of suspension shall clearly specify the reason and statutory grounds for the suspension and the effective date of the suspension, the right of the person to request a hearing, the procedure for requesting a hearing and the date by which that request for a hearing must be made. The

suspension shall become effective thirty days after the subject person is deemed to have received the notice of suspension by first class mail as provided in section 303.041. If the request for a hearing is received prior to the effective date of the suspension, the effective date of the suspension will be stayed until a final order is issued following the hearing; however, any delay in the hearing which is caused or requested by the subject person or counsel representing that person without good cause shown shall not result in a stay of the suspension during the period of delay.

2. Neither the fact that, subsequent to the date of verification, the owner acquired the required liability insurance policy nor the fact that the owner terminated ownership of the motor vehicle shall have any bearing upon the director's decision to suspend. The suspension shall remain in force until termination despite the renewal of registration or acquisition of a new registration for the motor vehicle. The suspension shall also apply to any motor vehicle to which the owner transfers the registration.

3. Upon receipt of notification from the designated agent, the director shall suspend the owner's vehicle registration effective immediately. The suspension period shall be as follows:

(1) If the person's record shows no prior violation, the director shall terminate the suspension upon payment of a reinstatement fee of twenty dollars and submission of proof of insurance, as prescribed by the director;

(2) If the person's record shows one prior violation for failure to maintain financial responsibility within the immediately preceding two years, the director shall terminate the suspension ninety days after its effective date upon payment of a reinstatement fee of two hundred dollars and submission of proof of insurance, as prescribed by the director;

(3) If the person's record shows two or more prior violations for failure to maintain financial responsibility, the period of suspension shall terminate one year after its effective date upon payment of a reinstatement fee of four hundred dollars and submission of proof of insurance, as prescribed by the director.

4. In the event that proof of insurance as prescribed by the director has not been filed with the department of revenue in accordance with this chapter prior to the end of the period of suspension provided in this section, such period of suspension shall be extended until such proof of insurance has been filed. In no event shall filing proof of insurance reduce any period of suspension. If proof of insurance is not maintained during the three-year period following the reinstatement or termination of the suspension, the director shall again suspend the license and motor vehicle registration until proof of insurance is filed or the three-year period has elapsed. In no event shall filing proof of insurance reduce any period of suspension.

5. Notwithstanding the provisions of subsection 1 of this section, the director shall not suspend the registration or registrations of any owner who establishes to the satisfaction of the director that the owner's motor vehicle was inoperable or being stored and not operated on the date proof of financial responsibility is required by the director.

303.412. 1. Beginning March 1, 2003, before the seventh working date of each calendar month, all licensed insurance companies in this state shall provide to the designated agent a record of all policies in effect on the last day of the preceding month. This subsection shall not prohibit more frequent reporting.

2. The record pursuant to subsection 1 of this section shall include the following:

(1) The name, date of birth, driver's license number and address of each insured;

(2) The make, year and vehicle identification number of each insured motor vehicle;

(3) The policy number and effective date of the policy.

3. The department of revenue shall notify the department of insurance of any insurer who violates any provisions of this act. The department of insurance may, against any insurer who fails to comply with this section, assess a fine not greater than one thousand dollars per day of noncompliance. The department of revenue may assess a fine not greater than one thousand dollars per day against the designated agent for failure to complete the project by the dates designated in sections 303.400 to 303.415 unless the delay is deemed beyond the control of the designated agent or the designated agent provides acceptable proof that such a noncompliance was inadvertent, accidental or the result of excusable neglect. The department of insurance shall excuse the fine against any insurer if an assessed insurer provides acceptable proof that such insurer's noncompliance was inadvertent, accidental or the result of excusable neglect.

This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.
